

SPECIALTY FILMS

Engineered for Wrapping Environments and Degradation Inhibition

POLAR

Polar is engineered to utilize the newest tackifier to create a superior cling layer for securing film tails in extremely cold or dusty wrapping environments. It will run on any type of equipment with a firm wipe down.

Benefits

- Eroozor film
- Extremely aggressive inside cling layer on this one-sided cling film

Features

- Greater than 250% stretch
- Cast one-sided cling
- Superior holding force

SPECIALTY FILMS

Engineered for Wrapping Environments and Degradation Inhibition

QUANTUM UVI

We enhanced our proven Quantum characteristics with an Ultraviolet Inhibitor (UVI) additive. Specialty Film that inhibits degradation caused by ultraviolet rays on product loads and can be used for mulch, brick, and other products that are stored outdoors.

Benefits

- UVI protection (6 months)
- One sided clinc
- Can be used for products stored outdoors

Features

- Decreased film breakage during wrapping process
- High load stability during movement
- 250% stretch
