

HAND FILMS

Unparalleled Strength and Exceptional Resistance

FORGE

Forge is the simple choice for easy-hand application. We have carefully crafted a hand film that provides productive hand performance while reducing consumption and costs. Provides maximum load containment, puncture resistance, and film stiffness, allowing thinner gauge profiles to be utilized.

Benefits

- High clarity
- Protection and reduction in tear
- High load containment value

Features

- Consistent film performance
- Puncture resistant
- Quiet release

PRODUCT NUMBER	FILM WIDTH/INCHES	FILM GAUGE	MICRON	ROLL LENGTH/ FEET	CASE/ROLL WEIGHT/LBS	CASE/ROLLS PER PALLET

HAND FILMS

Unparalleled Strength and Exceptional Resistance

MICRON

MICRO High-Performance Stiff Cast Hand Film combines reduced neck-down performance while maintaining excellent puncture resistance and yield. Its exceptional puncture resistance rivals higher-gauged films. Micro allows for high performance with lower gauges to meet your sustainability goals.

Benefits

- Film stiffness provides high load containment
- Excellent film to replace standard grade films for down gauging
- One-side cling

Features

- Extreme performance for manual warehouse applications
- Handles A, B, and C Loads
- Made with high-performance resins

HAND FILMS

Unparalleled Strength and Exceptional Resistance

AZTEC

Aztec pre-stretched hand film provides maximum load-holding force with minimal film usage. Exhibits unparalleled strength in lighter gauges, and its exceptional puncture resistance rivals higher gauged films. Exceptional load-holding force, cling, clarity, and unchallenged neckdown for maximum load surface coverage.

Benefits

- Folded outside edges reduce neck down during wrapping and prevent roll damage to reduce wasted material
- Superior puncture and tear resistance even at low gauges
- Comprised of premium resins for exceptional performance

Features

- Great film stiffness
- Leading load-holding force
- Reduces film weight/load by as much as 40%
